

WHOLE MAZAFATI DATES / BAM, KERMAN, IRAN

Mazafati Dates - Technical Data Sheet

A practical pre-quotation reference for current-crop Mazafati dates from Bam. Destination-market rules and the buyer's accepted specification govern the order, with relevant Codex standards used as a baseline where applicable.

PRODUCT IDENTITY		ORDER-SPECIFIC FIELDS	
PRODUCT	Whole, unpitted Mazafati dates	GRADE	Defined against the available lot, approved sample, and written defect tolerance
ORIGIN	Bam, Kerman Province, Iran	SIZE / WEIGHT	Average piece weight, size range, or count agreed with the buyer
PROFILE	Soft, fleshy; naturally dark brown to black; characteristic Mazafati flavor	MOISTURE	Maximum accepted limit stated per order using the relevant Codex baseline, destination rules, and buyer specification
CROP YEAR	Same year as the order	STORAGE	Temperature range stated for the approved lot, pack, route, and duration; Codex sets no single storage temperature
RETAIL PACKS	Premium: 275 g, 500 g, 550 g / Luxury: 300 g, 600 g, 650 g	SHELF LIFE	Declared for the approved pack and storage conditions; Codex sets no universal shelf life
BUYER TYPE	International B2B and wholesale orders	TREATMENT	Any washing, sanitization, or fumigation is confirmed per order and used only when applicable, permitted, and documented
		MOQ / LEAD	Quoted for the selected lot, pack and required approvals

VERIFICATION AND RELEASE

TESTING	Physical, microbiological, pesticide-residue, and heavy-metal testing on request through an ISO/IEC 17025-accredited laboratory
STANDARDS	Mandatory destination-market requirements and the accepted buyer specification govern; relevant Codex standards are the baseline where applicable
INSPECTION	Inspection by the buyer, an authorized representative, or an agreed inspection company at the specified approval point
DOCUMENTS	Only applicable company, batch, and shipment documents listed in the quotation or PI
DELIVERY	Incoterms 2020 rule, named place or port, risk transfer, and cold-chain responsibility stated per order

IMPORTANT

This sheet is not a Certificate of Analysis, an inspection certificate, or a binding quotation. The accepted lot specification, quotation, and PI govern the grade, tolerances, packaging, storage, shelf life, testing, price, and delivery terms.
